

String Around My Finger

Geoff Moore

Like a string around my finger
Like a note up on the wall
Or a tap upon my shoulder
From a friend I owe a call

And I know I should remember
All the things that I believe
But troubled times have a way
Of clouding your memory

Remind me
Pursue me
Bring Your wonder back to my memory
You are faithful
I'm forgetful
Of the way that You are always graceful
So let Your love remind me

Like a string around my finger
Like a much needed sign
Or an unexpected letter
Coming at the perfect time

And I know I should remember
All the things that I believe
But troubled times have a way
Of clouding your memory

Remind me
Pursue me
Bring Your wonder back to my memory
You are faithful
I'm forgetful
Of the way that You are always graceful
So let Your love remind me
