

## As Long

Geoffroy

As long as you stand beside me  
I'll keep you warm  
Picture your arms around me

I see your eyes slowly giving in  
Feel my fingers, sliding up your chin  
I'm already high from making my way in  
Now I feel my body drowning in

Every time I try  
And I hate that I can't see your colours  
Every time I try  
But you keep my head under the water

Maybe I misunderstood  
Maybe you just had it all  
Feel the walls closing in  
I'm learning how to take the fall for you

Every time I try  
But you keep my head under the water
