

Blue

Geoffroy

After all
All I did for you
Now all my nights are blue 'cause of you
I'm blue

Blue eyes got me tied up
Looks and heart never line up
How to know what you're thinking?
Can't read your mind but I'm patient
And still want your eyes to make me feel like
I'm better than the ones you've had before
That your love for me is all but lost

After all
All I did for you
Now all my nights are blue 'cause of you
I'm blue

One song and I rest my case
Couple lines then I turn the page
Couldn't talk it out face to face
Yours is a love that's hard to frame
Made me lose all hope and
Made me blue, made me question
Every word we ever told each other

After all
All I did for you
Now all my nights are blue 'cause of you
I'm blue

After all
All I did for you
Now all my nights are blue 'cause of you
I'm blue
