

# Come Around

Geoffroy

Since I can't shake the feeling  
That you won't come around  
Come around to me, come around  
I'll give it up, let you go  
Bet you won't even notice

I'm picking myself off the floor  
I'm doing something with my life  
Clearer goals, it's all or nothing  
If you can't take it let me show you  
If you don't care, can't blame you for it

Feed me some  
Enough to feed my addiction  
I'm a puzzled man in need of love and affection  
I'm bound to keep chasing love  
I'm bound to the chase

Girl, why do you keep holding my hand?  
Why do you keep holding my  
Let it go, let me walk out in peace

Don't flip, just a minute darling  
I'm all over but you got me wrong  
I can't start, this won't fly  
Got no time to fool around  
Like I got grand plans, real friends  
And small talk I can't stand  
But goddamn, you're persistent  
Now you got me weak, and ah fuck it, come and

Feed me some  
Enough to feed my addiction  
I'm a puzzled man in need of love and affection  
I'm bound to keep chasing love  
I'm bound to the chase

Girl, why do you keep holding my hand?  
Why do you keep holding my  
Let it go let me walk out in peace

Come around, come around  
Come around, come around

Girl, why do you keep holding my hand?  
Why do you keep holding my  
Come around, come around
