

## Mac N Cheese

Geoffroy

Must be part of a dream  
Feels like some kind of movie scene  
Like I'm just scratching the surface  
Know there's more here to witness for me

I'm that bird on the wire  
I'm who I aspire to be  
Ain't one to get tired  
But if you are it's fine by me

I'm more the type to be loose  
Loosened up enough already  
Again remind me what's the use  
In setting myself limits?

Oh  
I'm on the upside  
Oh no  
I'm on the upside

Must be doing something right  
It gets me everytime I notice  
It's in my nature to wander  
It's the quest for the holy answers

I'm that kid in the choir  
Half-interested but lined up  
Ain't one to get tired  
I can sing it line by line to you

Like I'm loose, loosened up enough already  
Again remind me what's the use, in setting myself limits?

Oh no  
I'm on the upside  
Oh  
I'm on the upside  
I'm on the upside  
I'm on the upside
