# Pusherman

**Geoffroy**

Tried so hard to believe what you said to me
Woke up from a stranger's dream
Thought you'd be beside me sleeping

But I ought to leave you alone
Find my way away from home
Now that our thrill is gone
Now that you've watched me come undone

Oh I'll call the pusherman
Call my one and only friend
Pusherman
Call my one and only friend

Woke up in the morning light
Days like these it's all alright
Avoiding every warning sign
Enjoy until you come back down

But I ought to leave it alone
Find my way and turn back home
Now that all thrill is gone
Still will you care and take me home?

Or I'll call the pusherman
Call my one and only friend
Pusherman
Call my one and only friend
