

Gliss Worm

Geographer

Babe, what's your name
I was wondering if you would feel the same
I just wait out the days
Waiting for the wind to carry me away

This love is just a wire hanging inside you
Hoping that it won't get broke
And I just want to ride it
Hoping you can tighten it so I can keep my hope

You say that I should spend some time alone
Just don't make me let you go

'Cause I am just a lonely rider
Looking for somewhere to go
And you were just a sailor
Awaiting for the wind to tell you what you needed most

Baby don't be so afraid
You're not something that I can take

Babe, what's your game?
Do you really need another one to play
Is it me? That you crave
There's so many other roads that you could take

This love is just a wire hanging inside you
Hoping that it won't get broke
And I just want to ride it
Hoping you can tighten it so I can keep my hope

I am just a man beside you
Tryin' to make you feel like gold
Shaking my fist and trying to convince you of
Something you have always known

Sometimes my love burns low
I flicker like an afterglow

I'm not saying that I feel so hollow
I'm not saying that I know for sure
I'm just saying the truth is beauty and beauty is truth
And that's what we're here for

Don't make me say your name
It's for the others anyway

Could we build it all
Build it all again
Reach to each other and finally understand
That we have too much to forget
Eyes so blind it blocks out all the rest

Oh I know it all is calling in my door
Oh you say you don't want it anymore
Baby won't you run away with me
We could have some fun before we leave

Oh oh oh oh oh oh oh oh
Oh oh oh oh oh oh oh oh
Oh oh oh oh oh oh oh oh
