

# Lonely

Geographer

I've been in and out of love  
More times than I would care to count  
Sometimes I get a little drunk  
I end up sleeping on the ground  
Sometimes I talk too much  
And I got nothing to say  
Hey

I'll seer before ya  
And I'll be here when you're gone  
It keeps on moving on and on

'Cause I am lonely  
For your lonely heart  
'Cause I can be your lead  
So alone to tonight  
I want you to show me  
What it means to be your light

Pretend to keep to myself  
I don't like to mingle in the crowd  
I always play the same records  
Sometimes I turn them up too loud

Sometimes I don't listen to what you're saying  
Cause every word sounds like a sham

I'll seer before ya  
And I'll be here when you're gone  
I wonder where you are

'Cause I am lonely  
For your lonely heart  
'Cause I can be your lead  
So alone to tonight  
I want you to show me  
What it means to be your light

I know we got each other  
We're not so hard to find  
We're burying all of our lovin'  
Because its heavier with time  
And all we do is to walk in rewind  
But we'll always have our lonely minds

'Cause I am lonely  
Yeah I am lonely
