

So What

Geordie

Well, walk around just taking my time
Yeah, I'm in no hurry 'cause time is mine
Well, people stop to stand and stare
They say: "Look at that boy and the length of his hair"

Well, I got no money and I got no shoes
So Monday morning I don't get no blues
I'd like to go so far away
Get out of this world and find a brand new day
I hear them talkin' but I just don't care

Well, I got no money and I got no shoes
So Monday morning I don't get no blues
I'd like to go so far away
Get out of this world and find a brand new day

I hear them talkin' but I just don't care, no way
I hear them talkin' but just don't care
I hear them talkin' but just don't care
Don't care no way, no no
