

Don't Forget Me

George Baker Selection

You and me, me and you Are you feel the same way, too Is it too late to say how much have I really loved you Much mistakes, misunderstandings Have built a wall between our hearts And now you're leave me and there is nothing I can do

Don't forget me, don't forget me Don't forget me when you're far away from all Don't forget me, don't forget me So don't forget me when you're blue and all alone

Busses wait no more time What was the reason we're so blind Some days were good almost of love and understanding I kiss your lips, I hold your hand But I can't make you understand That time could bring our love together after all

Don't forget me, don't forget me Don't forget me when you're far away from all Don't forget me, don't forget me And don't forget me when you're blue and all alone
