

(Fly Away) Little Paraguayo

George Baker Selection

They come in white boats many years ago
They gave you presents and promised you a lot
But they lock you on a chain
Put you in a mine
And a sad word for the glory of our time

Fly away little Paraguayo
Spread your wings out to the sky
Fly away little Paraguayo
'Cause the white men's on the ride

And your body is so hungry
And your mind is filled with fear
Fly away little Paraguayo
'Cause the soldiers soon be here

They said you're just an indian
Not better than a beast
Only good for working like a slave

And so you're sweat and run
'Til the day is done
While you know you could be better in your brain

Fly away little Paraguayo
Spread your wings out to the sky
Fly away little Paraguayo
'Cause the white men's on the ride

And your body is so hungry
And your mind is filled with fear
Fly away little Paraguayo
'Cause the soldiers soon be here

Fly away little Paraguayo
Spread your wings out to the sky
Fly away little Paraguayo
'Cause the white men's on the ride

And your body is so hungry
And your mind is filled with fear
Fly away little Paraguayo
'Cause the soldiers soon be here
