

# I've Been Away Too Long

George Baker Selection

How can I say to you  
I love somebody new  
You way so good to me always  
And when I see your eyes  
I can't go on with lie  
It breaks your heart but I just can't hide it oh no

I've been away too long  
Now I just can't go on  
I've been away too  
I've been away too long  
No I can't be so strong  
I've ben away too long

Don't look that way to me  
It's hurts you so I see  
But I just can't go on with lie  
I gave you all I have so there is nothing left  
I may do wrong but I better go now oh no

I've been away too long  
Now I just can't go on  
I've been away too  
I've been away too long  
No I can't be so strong  
I've ben away too long
