

Manolito

George Baker Selection

Born by the seaside with eyes black as coal
You were my friend since the days we're at school
We fell in love when I was seventeen
Yes, it was more than a dream

One day you said: "I can't stay here with you
My heart is so restless, my mind is so blue"
You went away for the songs of the sea
Did you fulfill all your dreams?

Oh, Manolito, come home tonight
All of my dreams come true when you hold me tight
With love in your eyes
Oh, Manolito, don't you let me down
Oh, Manolito, you're my only one

Oh, Manolito, come home tonight
All of my dreams come true when you hold me tight
With love in your eyes
Oh, Manolito, don't you let me down
Oh, Manolito, you're my only one

Over and over and over and over
I think of the nights of our love
Over and over and over and over
I want you right here in my heart

Oh, Manolito, come home tonight
All of my dreams come true when you hold me tight
With love in your eyes
Oh, Manolito, don't you let me down
Oh, Manolito, you're my only one
