

# Midnight

George Baker Selection

I'm sitting on the Station Gare de Nord  
I'm waiting for the train that never comes  
For me there is no future and no past  
I only think about the dates we had

Waiting 'til midnight  
Waiting for a time to see my baby  
Waiting for a time to kiss my lady now  
Waiting 'til midnight  
Waiting for a time to kiss my honey  
Waiting for a time to spend my money now

Reviens cherie quand tu m'aimes  
I want to near me in my loneliness  
The rain is falling and the leaves are falling down  
And so I wait to see you here around

Waiting 'til midnight  
Waiting for a time to see my baby  
Waiting for a time to kiss my lady now  
Waiting 'til midnight  
Waiting for a time to kiss my honey  
Waiting for a time to spend my money now

Waiting 'til midnight  
Waiting for a time to see my baby  
Waiting for a time to kiss my lady now  
Waiting 'til midnight  
Waiting for a time to kiss my honey  
Waiting for a time to spend my money  
Waiting 'til midnight  
Waiting for a time to see my baby  
Waiting for a time to see my baby  
Waiting for a time to kiss my lady now  
Waiting 'til midnight  
Waiting for a time to kiss my honey  
Waiting for a time to spend my money now
