

Sing For The Day

George Baker Selection

When you have a worried mind (Hidehideho)
Take a vacation, the weather is fine (Hidehideho)

Everything is different when you're lying in the sun
Everything is different when you have a lot of fun
Ohohoho

Come on and sing for the day
And you'll see that everything goes better
Why don't you sing for the day?
And you'll find that love will come your way

(Sing, sing for the day)
(Sing, sing for the day)
Sing, sing for the day
Sing, sing for the day

Beautiful people, beautiful sun (Hidehideho)
I like to swim 'cause the water is warm (Hidehideho)

Every night we'll have a party 'till the morning comes
Everyone is happy, don't you stay here on your own
Your own

(2x):
Come on and sing for the day
And you'll see that everything goes better
Why don't you sing for the day?
And you'll find that love will come your way
