

# Before You Go

George Benson

Damn hey  
I know you ain't tryna hear me out but  
There's a couple of things I wanna get off my chest  
Listen...

I know sometimes you wonder when I'm not there  
You feel frustrated thinking that I don't care  
Cause I don't, answer my phone  
I don't, return your call  
I don't, do all the things  
That I, once did before  
It's just the way I am, let me assure you  
Baby nothing could be further from the truth  
Sometimes I, be working late  
Cause I, gotta write that song  
Don't be, too quick to judge (you can)  
That somethings wrong  
I know I shouldve spend more time  
That was my mistake  
Girl I don't wanna change your mind  
But before you go

Just know that, I wasn't tryna push you away  
All I ever wanted, was you to stay  
And before you up and leave  
I just need you to see  
Losing you was not a part of the plan  
Know that, I wasn't tryna push you away  
And before you go  
Just let me say, I'm sorry I couldn't be that boy  
But please believe  
All I wanted was... all I wanted was to be your man

Baby understand I never meant to hurt you  
And I realized the way that I mistreat you  
I'm thinking of all the things, that I could've done  
Shouldve, made you believe, that, you were the one  
To see you walk away caught me by suprise  
I guess you meant more to me than I realized  
I wish, I could go back but, what's done is done  
So now I guess it's times that we try to move on  
I know I shouldve been right there  
That was my mistake  
Girl I ain't tryna change your mind  
I know it's much too late

Just know that, I wasn't tryna push you away  
All I ever wanted, was you to stay  
And before you up and leave  
I just need you to see  
Losing you was not a part of the plan  
Know that, I wasn't tryna push you away  
And before you go  
Just let me say, I'm sorry I couldn't be that boy  
But please believe  
All I wanted was...  
All I wanted was to be your man

I thought I needed time and space  
But seeing you walk away  
Has made me realize this isn't  
How it was supposed to be... ya yea

As I'm sitting here alone writing this song  
Tryna figure out what the hell went wrong  
I remember how we used to be baby  
And everything I did that would drive you crazy  
I would stay out all night  
You go left and I go right  
To the studio for confessionals  
Sitting right by another fight  
You were right  
Yes I learned, did like usher and let it burn  
Wish I could turn back the hands of time  
Make you wanna stand three little words  
Looking back, it was just that easy  
I'm not saying this so that you won't leave me  
I just hope you hear the song and believe me

Just know that, I wasn't tryna push you away  
All I ever wanted, was you to stay  
And before you up and leave  
I just need you to see  
Losing you was not a part of the plan  
Know that, I wasn't tryna push you away  
And before you go  
Just let me say, I'm sorry I couldn't be that boy  
But please believe  
All I wanted was... all I wanted was to be your man

Just know that, I wasn't tryna push you away  
All I ever wanted, was you to stay  
And before you up and leave  
I just need you to see  
Losing you was not a part of the plan  
Know that, I wasn't tryna push you away  
And before you go  
Just let me say, I'm sorry I couldn't be that boy  
But please believe  
All I wanted was...  
All I wanted was to be your man
