George Benson

Across the ocean, across the sea
Starting to forget the way you look at me now
Over the mountains, across the sky

Need to see your face
I need to look in your eyes

Through the storm and through the clouds
Bumps on the road and upside down now
I know it's hard, babe, to sleep at night
Don't you worry
'Cause everything's gonna be alright, be alright

Don't you worry
'Cause everything's gonma be alright, be alright

You know that I care for you
I'll always be there for you
I promise I will stay right here, yeah

I know that you want me too, Baby we can make it through anythi
ng
'Cause everything's gonna be alright, bee alright

Through the storm and, through the clouds
Don't you worry
'Cause everything gonna be alright
