

Crash Pad

George Clanton

Am I not the one to move diagonal
Because my sides are six the hexagonal
I slide across the board, I am the bishop
Think you got me all figured out, and then I switch up

I forgot to call you with the combination
You were stranded, standing in precipitation
Coulda been mad and canceled out the fun we had
Instead we can look back at
Livin' in the crash pad

Living on the ground with the people all around
Had just what we needed, nothin' ever got completed
Living on the floor, there was always room for more
Crashin' at the pad, the best times we ever had

Remember when you taught me how to do it right
I was non-believin', then set alight
You told me I should be a little vigilant
I said that's not what I'm about, no precedent

Spent in a binge of livin' on the fringe
You get put on the spot, you try to save your skin
Line it all up then spin, spin, spin
'Til you get it all out, then what?
The end

Living on the ground with the people all around
Had just what we needed, nothin' ever got completed
Living on the floor, there was always room for more
Crashin' at the pad, the best times we ever had
