

# Haunt Me

George Clanton

Don't- don't you give up on me  
This is all just a big bad dream  
You told me you want to celebrate  
So how come I feel this is all just a big bad dream?

Come back to haunt me  
It's not that easy to say goodbye  
Come back to haunt me  
Come here and break my heart one last time

Don't- don't beg to question  
Simple answers don't deserve a cause  
I loved you, but now I have to hate  
Everything you did to earn applause

Come back to haunt me  
It's not that easy to say goodbye  
Come back to haunt me  
Come here and break by heart one last time

One last time
