

Little Heart Surrender

George Clanton

It's a little heart surrender
I do it...

Waitin'
You can't scream tomorrow
But I
It's not very hard to do

You can make a smile but you only want to break down
In your mind
I've broken all the rules
But you can't raise your head up high
I will take your pain inside (I will take your pain inside...)

Let your little heart surrender
I do it all the time
