

She's Gone

George Clanton

It feels like the same day as yesterday
But I know that everything has changed
I can't wrap my mind around what's ailing me
I guess that I can't win at your own game

I waited til she's gone
Forever
Til she's gone
Forever and ever alone

Stuck in the back with her accessories
Stuck back where no one else can claim
I'm sure there's something everybody thinks of me
But I don't think I'm the one to blame
I waited til she's gone
Forever
Til she's gone
Forever and ever
How should I know if I'll keep going?
(You're turning away)
Why should I care right now?
(And my heart into stone)
Always known this day's been coming forever
So, so long
And I am waiting for you to call
Oh, I am waiting for you to call
