

## Slow Lover

George Clanton

We gonna take it slow  
We gonna take it slow, yeah

I want to put your hand in mine  
I want to put your hand in mine  
I want to

Here we are in deception  
Running out but standing in the same place  
Welcomed with bad reception  
Covet what we see on the TV  
Let's make a new connection  
Swimming through the static to read your face  
Of my obsession  
Give it up and give into me

Come in here  
I'm lonely  
I'm not a-fraid of her  
Come in here  
Come to me  
I'm just a slow lover

Come and teach me a lesson  
Ready to learn everything about you  
Neutralize my confession  
Tell me all the things you've waited to say  
Fantasy to perfection  
Making all of your dreams come true  
Blowing up like a weapon  
Let's not let it end this way

Come in here  
I'm lonely  
I'm not a-fraid of her  
Come in here  
I'm lonely  
I'm just a slow lover

Come in here  
I'm lonely  
I'm not a-fraid of her  
Come in here  
I'm lonely  
I'm just a slow lover
