

# Someone To Name

George Clanton

I'm sorry  
I didn't mean to freak you out  
But it's not my intention to do without

Don't worry  
I can make it up to you  
Just want some sexual tension to get me through the day

And how does it make her feel to have someone to name?  
And how does it make her feel to look at me again?  
Again...

(No)  
Bring up the letter I wrote  
(No)  
Not since the last time we spoke  
(Yeah)  
And if its such a pain  
(Oh yeah)  
Then I can make it up to you  
(Oh yeah)  
Just need some attention to get me through okay

And how does it make her feel to have someone to name?  
And how does it make her feel to look at me again?

(Look at me)  
Again
