

Spinning

George Clanton

Answer the question
I don't understand, I don't understand, I don't understand
What is happening

When you look
In my eyes
I'm blinking 'cause I can't watch it
If I look my [?] turning gaze
How long must we play this game

Don't ask me silly questions
I won't play silly lies
I just can't understand
Won't you help me, tell me, what is happening?

I want to know how you feel
I can't let go of the spinning wheel
(What is happening?)

I want to know how you feel
I can't let go of the spinning wheel

When the world
Pulls away
You're pulling right there with me
Got my head spinning like a spinning top
Twisting me around and you'll never stop

[?] girl
Are you listening?
I got a feeling that you're spinning with me
But you know how you make me feel
I want you, tell me, is this real?
(Or not?)

I want to know how you feel
I can't let go of the spinning wheel

I want to know how you feel
I can't let go of the spinning wheel
