

# Takeover

George Clanton

I took a look into your heart  
I didn't see a thing I wanted there

Why do we wait so long  
When we're just growing older  
Why would you twist my arm  
Shouldn't have had to told ya  
You're taking me over

Impressed, I don't believe it  
You'll enslave me now  
My best is not completed  
But you'll wear me out

Why do we wait so long (why do we wait)  
When we're just growing older (growing older)  
Why would you twist my arm  
Shouldn't have had to told ya  
You're taking me over (taking me over)  
You're taking me over (taking me over)  
So long

Taking me over  
Taking me over

So long
