

You Lost Me There

George Clanton

You lost me there
Where did you go?
I'm stuck again
Waiting here at home
How you could go
Leave me here again
I will never know
Will you come back again?
We can convene, make it forever

I tried to stop you
But you don't listen baby
I tried to stop you
But you just keep on fading
God
And I won't ask why
I'll just fake it til the end
Baby, If you throw me out
Can I tell you then?
I don't touch the fire
Still I get burned til I'm dead inside
Will you come back again?
We can convene, make it forever

You lost me there
Where did you go?
I've lost my friend
Don't let me go
I've been wasting time
You can say the word and I'm back in line
I'm old, I bit the dust
Try to stay alive for the both of us
Have fun I'm done with you
I can move on but it don't feel good
If you come back again
We can convene, make it all better
Make it all better
Make it all better
Make it all better
