

# Back Up Against The Wall

George Clinton

Don't let them tell you I won't come or I'll be late  
Don't listen when they say I pause or hesitate  
Turn away when they hint or insinuate  
Like a nosebleed I'll be runnin' red like  
I'm exceedin' the speed limit  
In a hurry to put my eyesight on you, girl

Put my back up against the wall  
I might stumble but I won't fall  
I'm just dyin' to get in touch with all I'm livin' for

Got me back into the wall  
I might stumble but I won't fall  
Got me back into the wall, baby

Don't be surprised if you find out I'm on your trail  
Don't be alarmed to find me hot on your tail  
Don't cha turn me in don't turn me 'round  
Don't turn your back 'cause like a choo choo  
I'll be jumpin' train tracks avoiding trains on the same track  
The only collision will be when I collide with you, girl

Put my back up against the wall  
I might stumble but I refuse to fall  
I'm just dyin' to get in touch with all I'm livin' for

Got me back into the wall  
I might stumble but not fall  
Got me back into the wall, baby

Got me back into the wall  
I might stumble but not fall  
Got me back into the wall, baby

Don't let them tell you I won't come or I'll be late  
Don't listen when I pause or hesitate  
Turn away when they hint or insinuate  
Like a nosebleed I'll be runnin' red like  
I'm exceedin' the speed limit  
In a hurry to put my eyesight on you, girl

Got my back up against the wall  
I might stumble but won't fall  
I'm just dyin' to get in touch with all I'm livin' for

Like a nosebleed I'll be runnin' red like  
I'm exceedin' the speed limit  
In a hurry to put my eyesight on you, girl

(Said I got my back)  
Got my back up against the wall  
I might stumble but I won't fall  
I'm just dyin' to get in touch with all I'm livin' for

Tit-tit-tit-tit-tit-tit-tit-tinga  
See, my back's against the wall  
I might stumble but I refuse to fall

Got my back against the wall  
I might stumble but I refuse to fall  
Got my back against the wall  
I might stumble but I refuse to fall  
Got my back against the wall  
I might stumble but I refuse to fall  
Got my back against the wall  
I might stumble but I refuse to fall
