

# Bop Gun

George Clinton

Are you ready to get over there, huh?  
Are you ready to get over there?

On guard, defend yourself  
On guard, protect yourself

We got to get over the hump  
We got to get over the hump  
We got to get over the hump  
We got to get over the hump

On guard, defend yourself  
On guard, protect yourself

We got to get over the hump  
We got to get over the hump  
We got to get over the hump  
We got to get over the hump

On guard, defend yourself  
On guard, protect yourself

We got to get over the hump  
We got to get over the hump  
We got to get over the hump  
We got to get over the hump

On guard, defend yourself  
On guard, protect yourself

We got to get over the hump  
We got to get over the hump  
We got to get over the hump  
We got to get over the hump

On guard

How many of y'all wanna get over the hump?

Come on, come on, come on  
I see you tryin' to get loose  
I said we should own the curve  
Let's get that funky, funk

I said to try them on  
And instead in the funk  
Let's shoot them with the bop gun, baby  
Say it

On guard, protect yourself

We got to get over the hump  
We got to get over the hump  
We got to get over the hump  
We got to get over the hump

On guard, protect yourself

Baby  
Tryin' to get loose  
Let me shoot them with the bop gun, baby

Endangered species  
Endangered species  
Endangered species  
Endangered species

Endangered species  
Endangered species  
Endangered species  
Endangered species  
Let me shoot them with the bop gun

We got to get over the hump  
We got to get over the hump  
We got to get over the hump  
We got to get over the hump  
On guard

When the syndrome is around  
Don't let your guard down  
All you've got to do is  
Come on and funk with me

On guard, defend yourself  
Said I'm tryin' to get loose  
And the prison gonna come  
Let's get that funk on, baby

I said you turn 'em on again  
It's burning the room  
Unless you can bring them up again

On guard, defend yourself  
I said I'm tryin' to let loose  
On Saturday  
On guard, protect yourself

To dance is a protection  
Funk is your direction  
All you got to do is  
Funk and dance

On guard, defend yourself  
Said I'm tryin' to let loose  
On Saturday  
On guard, protect yourself

I got to get over the hump  
I got to get over the hump  
Got to get over the hump  
We gotta meet with y'all  
I got to get over the hump

If y'all don't mind  
They don't mind  
I said, if you don't mind  
They don't mind

Take your time tonight, yeah

Try to get over the hump, take your time  
I see you been trapped on this tricky journey  
I want y'all to sing  
Come on, y'all  
(Way to get over the hump)  
You can do better than that
