

# Just Say Ding

George Clinton

YO--HO--HERE WE GO AGAIN

LOOK-OUT

Just say ding-dong and I'm sprung  
I spring every time a bell is rung  
I'm not a ding-a-ling, I'm not a ding-dong  
Mine is another story  
Told of a god-damn laboratory

Biological, illogical

Where's the logic in a rod  
That's lodged in your head till your dead  
Fuck the dumb shit!

AHHH! Just cuz you're the top of the food chain, you want to suck and fuck with my brain  
All in the name of science!  
SCIENCE (blinded me with science)  
Data? What the fuck do data matter to me?  
I ain't tryin' to hear that, see but you want me to see it your way  
Ding-dong, here we go another day

One dingie-lingie, I salivate  
Two dingie-lingies, and I hallucinate  
Three dingie-lingies and ejaculate

Recess. Ding-Dong Mutha-Fucka  
Just say ding and dong and I'm sprung  
Spring every time a bell is rung  
I ain't no ding-a-ling and I ain't a ding-dong

Sleigh bells ring, are you listenin'?  
Yes, I'm listenin', in the middle of July, high on a mission  
A nickle bag of Tinkerbell, boy  
(Nickle bag of tinkerbell)  
As the bell tolls for the time it takes me to inhale  
Invoke the rhyme rippin up the track  
Derailin' your train of thought  
All along the watchtower, watch the faces all go sour, as the bell toll for  
experiment failed  
Though, still the lying media cries success

There's no dongs but I hear dinging  
There's no bells but my ears are ringing

One dingie-lingie. I salivate  
Two dingie-lingies, and I hallucinate  
Three dingie-lingies and ejaculate

I'm the product of a Pavlovian experiment

We rub each others cheeks  
We sniff each others seats  
We tug each others leash  
When we find each other in heat  
We scratch each others fleas  
And put each other at ease  
Which leads me to believe  
"When in Dogtown. do as dogs do"

I'm the product of a Pavlovian experiment

We rub each others cheeks  
We sniff each others seats  
We tug each others leash  
When we find each other in heat  
We scratch each others fleas  
And put each other at ease  
Which leads me to believe  
"When in Dogtown, do as dogs do"

Genetic engineering, classical conditioning  
I'm the product of a Pavlovian experiment

It's a dog-eat-dog world, that's what they say, but I ain't with it  
If the label don't say "kitty-kat" I won't eat it  
But I got a pair of milkbone drawers on  
If you want to get busy, bitch, come on

I was on your trail, sniffin' your tail  
You know damn well it smell like hell, ew  
Dog-eat-dog world, turn boy-eat-girl world will prevail  
Licensed flea collars for sale  
Up in this county-funded kennel  
With all the incidentals paid up front  
So jump the gun and  
Go fetch like Fido, Bitch  
Spread that mit, yes we play catch  
This one here's goin' out the park, throw that ball back, baby  
Hark, who goes there?  
Cause I'm standin' guard in all this here parts of the yard  
When in dog town do as dogs do  
(Classical conditioning, test tube puppy  
Behavioural modification, man's best friend)  
(Somebody get me another animal)

At the sound of the bell there will be a test  
A test?  
Yes, a test to decide  
How much of which pesticide  
I'm not a ding-bat, I'm not a dumb-bell  
Mine is another humdinger  
Where's the DATA that matter to me?  
Where's the DATA that matter to me?  
Well the experiment failed, we need another dog  
Will somebody get me another dog?

One dingy-lingly, I salivate  
Two dingy-lingies and I hallucinate  
Three dingy-lingies and I ejaculate

One dingy-lingly, I salivate  
Two dingy-lingies and I hallucinate  
Three dingy-lingies and I ejaculate
