

One Fun At A Time

George Clinton

I guess you might say I like to play
One on one with you
If you want to play just say
One on one with me

Listen to what I say
(Woo hoo hoo)
Clap your hands
Come along

One fun at a time
That's all I'm saying
One fun at a time
That's all I'm playing
There all so many funny thangs to do
I'll be around
As long as fun is

One fun at a time
That's all I'm saying
One fun at a time
That's all I'm playing
There all so many funny thangs to do
I'll be around
As long as fun is
You - ewwww (yeah, yeah)

Everyday girl
Everyday girl

Any day now
You can find me
Laughing with a smile
Get behind me
If you're looking down
Or wear a silly frown
My life ain't been the same since we played together

One fun at a time
That's all I'm playing
One fun at a time
That's all I'm saying
There all so many funny thangs to do
In tinkle town
Let's play together

Clap your hands!
If you want to play
Please stay
One on one with me too gurl!

(There are so many funny things to do I'll be around)
(Yaahoo!)

(If you're looking down
Or wear a silly frown
Play together)

Any day now
You will find me
Laughing with a smile
Get behind me
When you're looking down
Or wear a silly frown
My life ain't been the same since we been together

One fun at a time!

Clap yo' hands!

When you're looking down
Or wear a silly frown
Any day now
You will find me laughing with a smile
Get behind me
When you're looking down
Or wear a silly frown
My life ain't been the same since we've been together

One fun at a time
That's all we're here for
One fun at a time
It gives us full of joy

There are so many funny thangs to do
Let's play around (round and round)
Let's play together

One fun at a time
That's all I playing
One fun at a time
That's all in singing
There are so many funny things to do
Let's play around
Let's play together

Clap your hands
If you want play
Please stay
One on one with me too
There are so many funny thangs to do
In tinkle town

Guess if I'd like to play
One on one with you
Guess if I'd like to play
One on one with you too
(Let's play together)
One fun at a time!
Heeyy!...
