

Pot Sharing Tots

George Clinton

If we were just babies
Sharing a cradle
I'd share a suck on my thumb with you

We wouldn't freak out, like the grown-ups do
If I were one, and you were two
I would do a striptease for you

If we were just tots, sharing a pot
I'd share a [?] of my do with you
You'd be pink, and I'd be blue
If I should get wet, you'd get wet, too
If I shared my space with you

You in your carriage
Me in my buggy
Strolling down the avenue

One day when they [?] for tiny tots
I suck my pacifier in a little sandbox
While you suck your thumb there, too
Til they're through

I would crawl before you walk
You would walk before I'd run
And I'd run away with you
