Way Up

George Clinton

"Aiyyo, 'Dre was Panasonic, what's up now?"

Come on, uhh, yeah

I'm going to reach way up and out and touch everybody
I'm going to reach way up and out and touch everybody
I'm going to reach way up and out and touch everybody
I'm going to reach way up and out and touch everybody

We all need the air, makes good sense to care
We are family, brothers and sisters of the "P"
I'm going to reach way up and out and touch everybody
Funky, touch, way up! - touch, way up!
Yeah, yeah, touch, funky, funky
I'm going to reach way up and out and touch everybody
Yeah, yeah, touch, touch
I'm going to reach way up and out and touch everybody
Yeah, fellows way up! - touch, way up!
I'm going to reach way up and out and touch everybody
I'm going to reach way up and out and touch...
Yeah, come on, come on, way up! - way up!
Way up, way up, way up and out and touch everybody!
But you got to post bail cause my man's wholesale
He's the only connect I know

I'm going to reach way up and out and touch everybody
I'm going to reach way up and out and touch everybody
I'm going to reach way up and out and touch everybody

Way up and out and touch everybody
Way up and... way up and touch
Way up and touch...
Way up... touch, touch, touch
Way up touch
Way up... touch, touch, touch
Way and touch
