

Feel

George Duke

Time brings me you
You bring me love
Stirring my soul
Searing and whole
Now I can see
Now I can feel
Now I can live
Now I can build

Feel...
Life in me.
Touch my mind,
See what is in me.
Feel...
Life in you.
Touch your mind,
We come almost as one,
In one... as one.

Feel...
Soul to soul.
Don't be afraid,
Life lives on a common ground of love... to survive.
Sometimes...
It's hard to see.
Look around,
Be conscious of what you cannot see... in me.
It's there to see.
It's there to see.
