

## Movin'On

George Duke

Movin' On, 'cause it's you I admire  
Giving my life, 'cause it's you I inspire  
Movin' On, 'cause it's you I admire  
Giving' my life, 'cause it's you I inspire

I wanna be with you every day  
I wanna love you, girl, in every way  
giving to receive is not passe  
when we're giving to each other all the way

You move me, girl, in ways unseen  
I feel the power and I know what it means  
you see, where I was I can't say  
'cause I'm different now and I changed my ways

You give to me and I give to you  
you live for me and I live for you  
we're moving down the road of life as one
