

Ride On Love

George Duke

[Verse One]

Don't you know
That life is worth living
When you try
Give what your feeling
Let it flow
Take my love girl and the music
Let the rhythm flow between us
Flow with the music
Let it show
Yeah Yeah

Ride on love
Ride on love

[Verse Two]

I know you got reasons on your mind
And I feel you got heartaches to unwind
Ooh I know girl how you feel
By that star within your eyes
But you just keep concealing it with disguise

You can't hide
The love you feel inside
Though you smile
Your lies
You just can't hide the smile that's in your eyes

Ride on love
Ride on love

You can't hide
The love you feel inside
Though you smile
Your lies
You just can't hide the smile that's in your eyes

Ride on love
Ride on love

Oh girl
Got to let your feeling show
Mmm girl
Don't try to let it go
Ride it
Girl

Ride it
Girl
