

If You Want Me To

George Hamilton IV

Well thunder roll and lighting flashing right through the middle of it I'll go dashing
Goes it show how far I'll go for you if you want me to

Hurricane winds blow grief and sorrow but I'd run through one tomorrow

Goes it show how far I'll go for you if you want me to

There's no limit to but all I would do for you

Anything you ask of me I'm makin' my destiny

Well thunder roll...

[guitar]

There's no limit to...

Well thunder roll...

Goes it show how far I'll go for you if you want me to
