

## You Nearly Lose Your Mind

George Hamilton IV

Now if you love your mama and you treat her right  
But you keep some fussin' ain't you every day and night  
She's gonna triflin' on ye well do it every time  
And when your baby starts a steppin' boy you gonna lose your mi  
nd

Now if your baby's mean take a tip from me  
Lock her up at home boy but hang onto the key  
She's gonna triflin' on ye well do it every time  
And when your baby starts a steppin' Lawd you nearly lose your  
mind

But if your mama's good I tell you what to do  
Give her lots of lovin' boy but watch her closely too  
She's gonna triflin' on ye well do it every time  
And when your baby starts a steppin' boy you gonna lose your mi  
nd

Now you come on to your mama find your clothes ain't clean  
You can bet you're slippin' boy forget just what I mean  
Cause she's been triflin' on ye well do it every time  
And when your baby starts a steppin' boy you nearly lose your m  
ind

Now you may have a mama says she is true  
Wait till you get down out and really mean to do  
She's gonna triflin' on ye well do it every time  
And when your baby starts a steppin' Lawd you nearly lose your  
mind

I've been a lotta places not much I ain't done  
But when it comes to women boy I just don't trust a one  
Because they'll trifle on ye well do it every time  
And when your baby starts a steppin' boy you gonna lose your mi  
nd

And when your baby starts a steppin' boy you gonna lose your mi  
nd

And when your baby starts a steppin' boy you gonna lose your mi  
nd
