

# Can't Stop Thinking About You

George Harrison

Cant stop thinking about you  
Cant stop thinking about you  
Its no good living without you  
I can't stop thinking about you

Cant stop thinking about you  
Cant stop thinking about you  
And it's no good living without you  
I can't stop thinking about you

When the night-time comes around  
Daylight has left me, i  
I can't take it if I don't see you no more  
I can't help it, I need your loving so much more

And I can't stop thinking about you  
Cant stop thinking about you  
And it's no good living without you  
I can't stop thinking about  
I can't stop thinking about  
I can't stop thinking about you, ooh

Cant stop thinking about  
Cant stop thinking about  
Cant stop thinking about you

When the morning comes around  
And the daylight gets to me, i  
I can't take it if I don't see you no more  
I can't help it, I need your loving so much more

And I can't stop thinking about you, oh yeah  
I can't stop thinking about you  
And it's no good living without you  
I can't stop thinking about  
I can't stop thinking about  
I can't stop thinking about you

I can't stop thinking about  
Cant stop thinking about  
Cant stop thinking about you

(repeat and fade:)

I can't stop thinking about  
I can't stop thinking about  
I can't stop thinking about you
