

Dear One

George Harrison

Dear One near me - truth assessed
Reborn worldwide - mind at rest
True heart sow you - God has blessed
Your soul whispers - love confessed

My spirit sings to you now
Creation stands at your feet
My feelings call to you now
Dear One I love (a) you

You hear my spirit sing to you
You see creation at your feet
You feel my feelings calling you
You know Dear One I love (a) you

Dear One show me - simple Grace
Move me toward Thee - with each pace

My spirit sings to you now
Creation stands at your feet
My feelings call to you now
Dear One I love (a) you

You hear my spirit sing to you
You see creation at your feet
You feel my feelings calling you
You know Dear One I love (a) you
