

Far East Man

George Harrison

While the world wages war
It gets harder to see
Who your friends really are
I wont let him down
Got to do what I can
I wont let him drown
Hes a far east man

All these ups and those downs
Makes me question what love is
Is it a lie or worthwile
I wont let him down
Got to do what I can
I wont let him drown
Hes a far east man

Sometime is so short
But it takes so long
Wondering if it is
Or if Im wrong
Even then my heart seems
To be the one in charge
Can only do what it tells me

We cant let them down
Weve got to do what we can
We cant let him drown
Hes a far east man

Looks like right here on earth
God, its hellish at times
But I feel that a heavens in sight
And I cant let hin down
Got to do what I can
I cant let him drown
Hes a far east man
