

# All Fall Down

George Jones

Houses small.  
Left alone,  
All fall down.

Dreams so clear,  
Disappear,  
Without a sound:  
All fall down.

Lovers meet.  
Lovers quarrel.  
Lonely boy,  
Lonely girl.

I lost him,  
And I have found,  
Dreams, like walls,  
All fall down.

All fall down, (All fall down.)  
All fall down. (All fall down.)  
She don't want me to call her,  
And she's told me not to bother comin' round.  
All fall down, (All fall down.)  
All fall down. (All fall down.)  
When you take a love for granted like I did,  
You're bound too see it all fall down.

Castles tall.  
Houses small.  
Left alone,  
All fall down.

Dreams so clear,  
Disappear,  
Without a sound:  
All fall down.
