

# As Long as We Can

George Jones

I never fail to count my blessings when each day is done  
But I always wait and count you last cause you're my greatest o  
ne  
And I ask God to let me be with you till my life ends  
Cause I wanna stay here in your arms as long as I can

We're gonna stay here we wanna stay here  
We're gonna stay in each others arms as long as we can  
We're gonna live with no regrets  
Loving each other like the day we met  
And we're gonna stay in each other's arms as long as we can

I could never ask for love no greater than you share  
To me I'd find no better love if I search everywhere  
You'll always be my only love just like it's always been  
Cause I wanna stay here in your arms as long as I can

We're gonna stay here we wanna stay here...  
We're gonna stay in each other's arms as long as we can
