

# I Can't Get Used To Being Lonely

George Jones

I've got to get used to being lonely  
And get used to knowin', darling, that you're gone  
'Cause how can I prepare myself without you  
When I can't get used to being all alone.

I got to get used to being lonely  
And say this is the last day of the year  
'Cause how can I look forward to tomorrow  
When I can't get used to knowing I've lost you.

For things to change I must help to change them  
'Cause on my own I don't have faith in me  
But loneliness is all I have without you  
'Cause I can't get used to being this lonely.

Yes, loneliness is all I have without you  
'Cause I can't get used to being this lonely...
