

## Somebody Wants Me Out of the Way

George Jones

Somebody keeps paying my bar tab  
But the bartender won't tell me who  
He gives me six cold ones to go when he closes  
And slips me a dollar or two

My woman is keeping me busy  
And I'm afraid to go ask her why but the more  
I keep drinking, the more I keep thinking  
There's somebody new in her life

Somebody wants me out of the way  
And I bet I'll find out when I go home today  
Here comes the waitress with a loaded down tray  
Somebody wants me out of the way

Now, my woman is under suspicion  
And all I can see in my mind  
It's two cheating lovers who love under cover  
And the covers they're under is mine

Somebody wants me out of the way  
And I bet I'll find out when I go home today  
Here come the waitress with a loaded down tray  
Somebody wants me out of the way  
Somebody wants me out of the way
