

Someone Sweet To Love

George Jones

Mama knows her child is ailing
What is wrong there ain't no telling
She don't know what's run my fever up
She wants to take me to the clinic
I don't need to see no dentist
All I need is someone sweet to love

Don't you bring me Doctor Jake
I'm strong enough to swim a lake
All I need is what I'm dreaming of
She lives just some corner
Help me out or I'm a goner
I've gotta find me someone sweet to love

Yes I work hard to make my money
Like the beehives love their honey
Everything but one fits like a glove
So don't send me a nice long letter
Asking me if I feel better
All I need is someone sweet to love

Don't you bring me Doctor Jake
I'm strong enough to swim a lake
All I need is what I'm dreaming of
She lives just some corner
Help me out or I'm a goner
I've gotta find me someone sweet to love
