

Slow Dancing

George Maple

And I like the feeling when you're around
So I keep you to myself
And I like the feeling when I'm breaking our vow
So I don't look back

And it's not perfect, I know
But I'll keep it on show
'Til you come home

I'm thinking about it
I wanna be the one to take you on
Won't you tell me to dance the night away?
But I'm slow dancing in an empty room

And I know your secrets, I know your lies and everything in between
And I know the feeling you get when he's on my mind
And you can't look me in the eyes

And it's not perfect, I know
But I'll keep it on show
'Til you come home

I'm thinking about it
I wanna be the one to take you on
Won't you tell me to dance the night away?
But I'm slow dancing in an empty room

Thinking maybe you'll come back
So I can give you all I have
Thinking maybe you'll come back
So I can give you all I have

Tell me, tell me
