

Party Going On

George McCrae

Now the party

The party going on
The party going on
Yeah yeah yeah
Now the party
The party going on
The party going on
Yeah yeah yeah
Going on

Who am I? Dim the light
That dream with you all night
Feeling that's instilled
Memories, yes I will

Ooh, show me heaven
Ooh, show me light, baby

The party going on
The party going on
Yeah yeah yeah
Now the party
The party going on
The party going on
Yeah yeah yeah
Going on

Sugar woman
Sweet baby

Moving and loving more
And rocking on the dancefloor
It's be cheap, debt by debt
Falling into romance

Ooh, show me heaven
Ooh, show me light, baby

The party going on
The party going on
Yeah yeah yeah
Yeah the party going on
There's a party going on
The party going on
Yeah yeah yeah
Yeah yeah yeah
Yeah the party going on
There's a party going on
The party going on
Yeah yeah yeah
Yeah yeah yeah

You know what's going on
There's a party going on
A party going on
There's a party going on

A party going on
There's a party going on
A party going on

Yes there's a party
