

# The Rub

George McCrae

The band has been playing  
Fast songs all night  
And now is the time, baby  
To turn down the lights  
So give me your hand, baby  
And move in real close  
'Cause I got something, honey  
That you'll dig the most  
Look here

I call it the rub, that's what I've said  
If it don't move you, you got to be dead  
Don't be ashamed, baby, just let yourself go  
And when your love get hot, girl, just let it flow, flow

Take it easy, baby, don't groove too fast  
We got to make this good thing last  
And if you ready, baby, gimme some kind of sign  
Put your arms around me, put your lips to mine, yeah

Let's rub, rub-a-dub-dub  
Let's rub, baby, rub-a-dub-dub

Listen, now there's a lot of dances, babe  
That we could probably do  
But this is the only dance I know  
That will bring me close to you  
So don't be ashamed, baby  
To admit your feelings  
You see, I can tell you're enjoyin' it, baby  
'Cause I can feel your body reelin'

After the dance we'll go to my place  
'Cause we can't afford to let this feeling go to waste  
And if you don't have any objection  
Baby, let me show you the direction

Take it easy, baby, don't groove too fast  
We got to make this good thing last  
If you ready, baby, just gimme some kind of sign  
Put your arms around me, put your lips to mine, yeah

Let's rub, rub-a-dub-dub  
Let's rub, baby, rub-a-dub-dub  
Let's rub, baby, rub-a-dub-dub  
Let's rub, baby, rub-a-dub-dub
