

# You and I Were Meant for Each Other

George McCrae

Darling, we were made for each other  
Together we'll never need no other  
You think of something and automatically  
I know what you're thinking  
Call my name like a man in quicksand  
I start sinking down, down  
From that wonderful day you said hello  
I knew that I would never search no more

You and I were made for each other  
Together we'll never need no other  
When we're apart  
I'm like a new born baby without each other  
Like bees and honey  
We're just no good without each other  
From the day that I laid eyes on you  
I knew that my lonely nights were through

You and I were made for each other  
Listen baby  
Together we'll never need no other  
The moment you're near  
My lonely nights disappear  
And as your lips met mine  
I knew that I would be fine, fine, fine

You and I were made for each other  
Together we'll never need no other  
Oh, no baby  
You and I were made for each other  
Together we'll never need no other  
Yeah, baby  
You and I were made for each other...
