

Baby, just like you
It's something new
I just had to try
I didn't plan on it
But a sip and you'll want it
It's a beautiful high

The perfect recipe
Baby, you and me
The secret's been found
Let's pour one right now

I'm talkin' 'bout Código
I take it with me everywhere I go
Best tequila, baby, don't you know
A little sip and you're ready to roll
They make it down in Mexico
A little state called Jalisco
Where the beautiful agaves grow
I'm talkin' 'bout Código

Any way you like it
Any way you wanna try it
I'll try it too
I don't care if it's a habit
As long as you have it
And I have it with you

Hasta la Cruz
I'll be singing to you
All the way home
We'll make this our song

I'm talkin' 'bout Código
I take it with me everywhere I go
Best tequila, baby, don't you know
A little sip and you're ready to roll
They make it down in Mexico
A little state called Jalisco
Where the beautiful agaves grow
I'm talkin' 'bout Código

Straight up or on the rocks
Dressed up or not
Make it a surprise
Throw it back and close your eyes

I'm talkin' 'bout Código
I take it with me everywhere I go
Best tequila, baby, don't you know
A little sip and you're ready to roll
They make it down in Mexico
A little state called Jalisco
Where the beautiful agaves grow
I'm talkin' 'bout Código

I'm talkin' 'bout Código

I take it with me everywhere I go
Best tequila, baby, don't you know
A little rip and you're ready to roll
They make 'em down in Mexico
A little state called Jalisco
Where the beautiful agaves grow
I'm talkin' 'bout Código
Where the beautiful agaves grow
I'm talkin' 'bout Código
